

OFFLINE EXAMINATION FOR DETAINED STUDENTS

OF CLASS IX & XI

Dear Parents,

1. There is a good news for those students who have been detained in classes IX and XI. As per the CBSE guidelines and the instructions of the school management, they will be given one more opportunity to appear for an offline examination to be conducted after the lockdown is lifted. They must appear for the examination in the subjects that they have failed to clear. Kindly note to prepare your ward for the subjects in which he/she was detained.
2. Provisional admission will be given to these students in the next class so that they do not miss their online classes. However final promotion to the next class will be possible only when they clear the offline test as and when it is conducted.
3. Parents of students who are detained are requested to intimate the respective Class Teachers if they want their ward to continue in the same Class in writing.
